BELLEVILLE CAR KILLS MACHINIST

Bruggerstrauss Steps in Front of Coach - Motorman Throws Passengers From Their Seats in Attempt to Stop.

William Bruggerstrauss, 40 years old, & machinist of No. 2707 St. Clair avenue, was struck by one of the big cars on the Belleville and East St. Louis Division of the East St. Louis and Suburban Electric Rallway at Lake bridge, a short distance out of East St. Louis, yesterday afternoon and was thrown several feet from the right of way.

He died a few minutes later while being taken to East St. Louis. He was attended by Doctor H. G. Hertel, the Deputy Coroner at East St. Louis, who was on Coroner at East St. Louis, who was on the car and was a witness to the accident. The car was in charge of Motorman H. L. Larkins and Conductor H. H. Ritter.

Bruggerstrauss was walking east on the Rock road, and the car which struck him was coming west. He was in the middle of the road. Shortly before the car reached him he walked to the right of way and waved his hand. The motorman turned on the air brakes, thinking that Bruggerstrauss intended getting on the car. Just a few feet from him Bruggerstrauss either slipped or miscalculated his distance and got on the right of way close to the rail. Motorman Larkins saw that the car would strike Bruggerstrauss, and, putting on the emergency air brakes, reversed the power.

The sudden shock of the emergency air and the reversed power threw the passengers in the car from their seats. It was too late, however, and the car struck Bruggerstrauss, the timbers of the car striking him on the chest. When pleked up he was unconscious. He was taken in the car, where he was examined by Doctor Hertel, who pronounced him fatally injured. He died on the way to East St. Louis, and his body was taken to the Domhoff undertaking establishment, where Doctor Hertel will hold an inquest this morning.

Bruggerstrauss was married and leaves the car and was a witness to the accident.

LILIES OF HEALTH AND BEAUTY.

In a recent interview with Mrs. Lily Langury, she very wisely said:
"The fact that I believe in the superior force of mind over matter does not blind me to the truth that the foundation of every successful life is good health; that the key-stone to physical beauty is perfect physical-health.

stone to physical beauty is perfect physical health.

"A sick woman cannot be a beautiful woman, nor can she be anything but what we English call a poor-spirited woman.

"To a great extent a woman's beauty is measured by her vitality—by her health.

"Work, Sunshine, Raercise, Water and Soap, Plain, Nourishing Food, Lots of Presh Air, and a Happy, Contented Spirit—there, as you say, 'honest and true,' is my working rule for youth, youthful spirits and youthful looks."

One great secret of youth and beauty for the young woman or the mother is the proper understanding of her womanly system and well-being. Every woman, young or old, should know herself and her physical make-up. A good way to arrive at this knowledge is to get a good doctor book, such for instance as "The People's Common Sense Medical Adviser,' by R. V. Pierce, M. D., which can readily be procured by sending twenty—one cents in one—cent stamps for paper-bound volume, or thirty-one cents for cloth-bound copy, and addressing Dr. R. V. Pierce, Buffalo, N. Y.

"Dr. Pierce's Favorite Prescription can always be retied upon to cure when everything eight."

dressing Dr. R. V. Pierce, Buffalo, N. Y.

"Dr. Pierce's Favorite Prescription can always
be relied upon to cure when everything eise
fails," writes Mrs. Dr. Nielsen, of 4502 Langley
Avenue, Chicago, Illa. "It is a certain care for
female troubles, diseases in their worst forms,
I suffered for years with ulceration, intense
pains and a dreadful backache, which unfitted
me for my work. Finally I grew so ill had to
heep to my bed. In this extremity I used "Pavorite Prescription" for three mouths and them
I was well. Only those who have passed
through such a siege of sickness as I have will
understand how much I value Dr. Pierce's Favorite Prescription."

Dr. Pierce offers \$500 reward for any case of Leacorrises. Female Weakness, Prolegens, or Palling of Womb which he cannot cure. All he asks is a fair and reasonable trial of his means of cure. No substitute for "Pavorite Prescription" offers so much.
